

Start with your document.

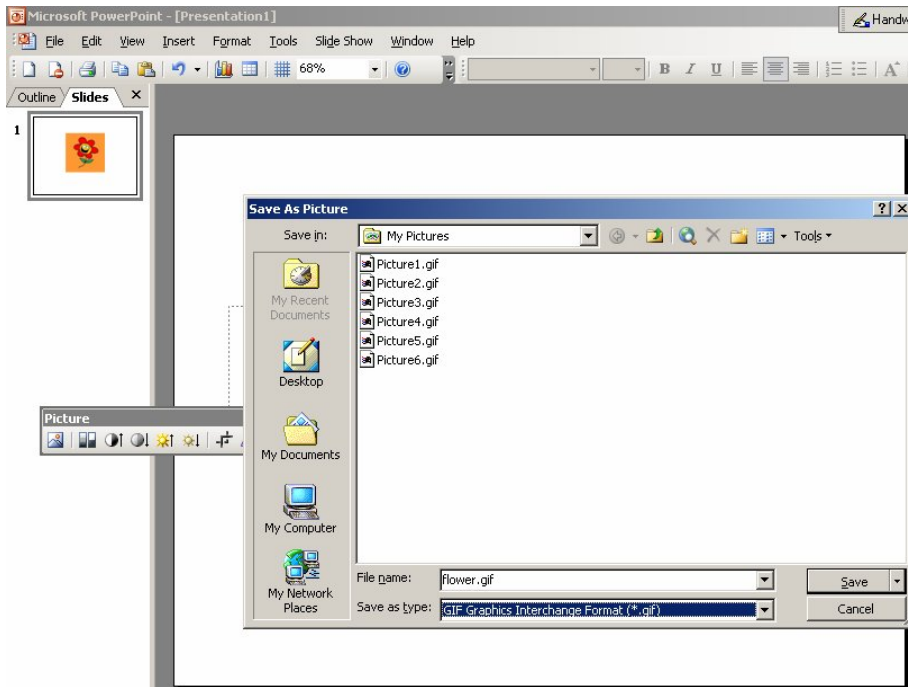

Right click a picture, and click Copy.

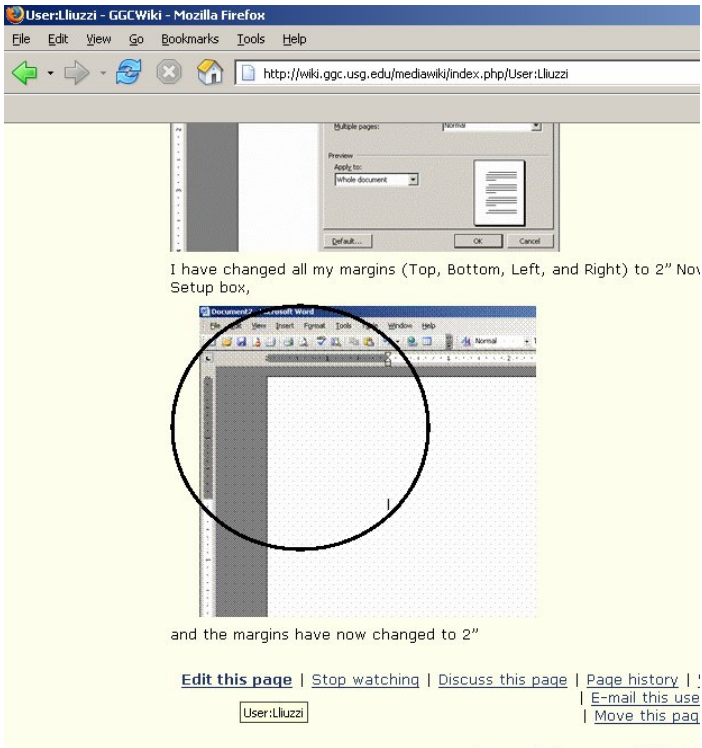

Open PowerPoint. In a blank space, right click and click Paste.

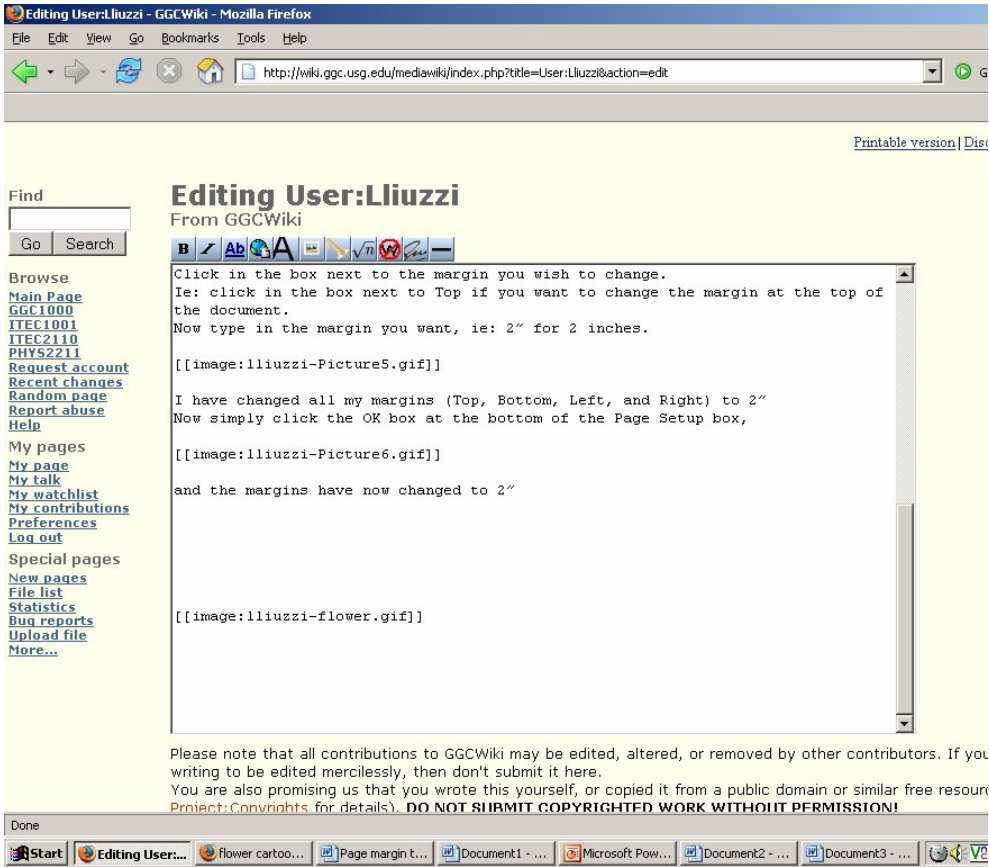

Right click the picture, and click Save as Picture.

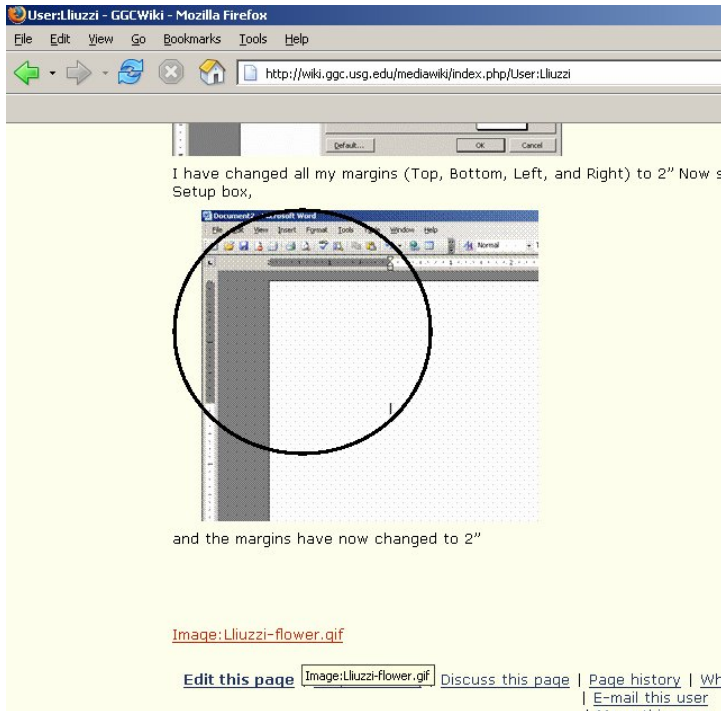

Name your document, change the "Save as type" to ".gif" and remember what folder you are saving it in. Then click Save.

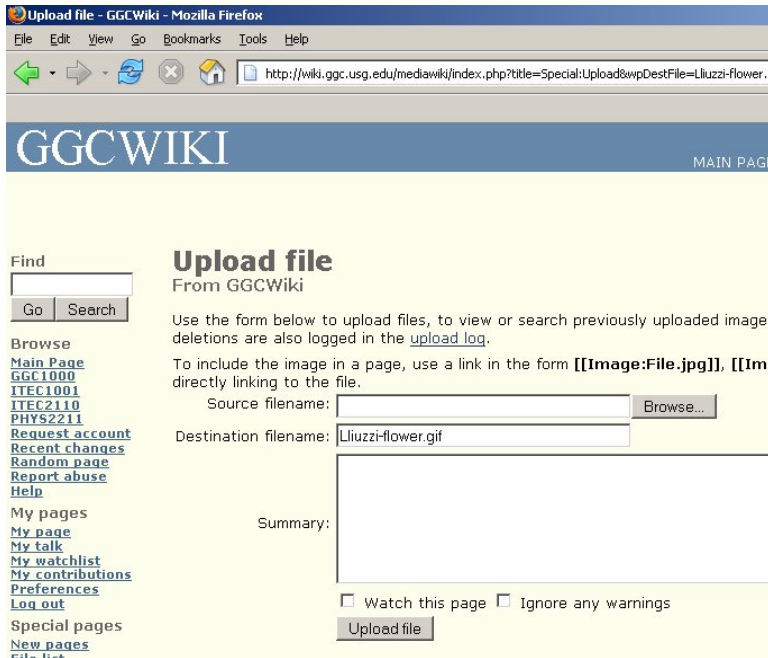

On your Wiki page, click “Edit this page”

type in
[[image:lliuzzi-flower.gif]]
] substituting the
lliuzzi for your
username, and the
“flower” to
whatever you named
your image, and
click Save Page.

Now click the red underlined “image:” link.

Hit Browse, then open up the correct file, and click Upload.

Now click My page along the left side of the page, and...

Your picture will be on your Wiki. Continue this will all the pictures of your tutorial.
